Got land?? Do you have \$10K?? We have a triple wide home that needs to be re-located off private land. It is a 1982 Fleetwood home with two side decks that can go with the home and has 1,690 Sq Ft of living space. There are two bedrooms, two full bathrooms and an open floor plan throughout the kitchen, dining area, entryway and living room. A wood burning stove will stay with the house and well as the kitchen stove. There is a built-in china hutch in the dining area and the master bedroom has a huge walk in closet. The house is all electric, is plumbed for a dishwasher and disposal. Replacement energy efficient dual pane vinyl windows throughout. The home sits on a foundation and very sturdy. Home must be moved and buyers will have to do own due diligence on time frame and cost for moving to a new location. Sellers hoping to have home removed very soon so new construction can begin.
